Message from Leadership

Sustainability remains at the heart of everything we do, and we continue to strive for a greener tomorrow. This report summarizes our environmental, social, and governance performance for the financial year 2024.

Environmental Performance

In FY2024, GreenLeaf Industries Ltd. reduced its Scope 1 greenhouse gas emissions by 18% compared to a 2019 baseline, from 42,000 tCO₂e to 34,440 tCO₂e at the company-wide level.

During FY2024, 32% of the electricity consumed at our manufacturing facilities was sourced from renewable energy.

We recycled 8,500 tonnes of industrial waste in FY2024, up from 6,200 tonnes in FY2023.

We engaged with 65% of our key suppliers, by procurement spend, to assess Scope 3 emissions across our value chain in FY2024.

Social Performance

As of March 2024, women comprised 27% of our total workforce, up from 19% in 2019.

Employee lost-time injury frequency rate improved by 12% during FY2024.

Governance & Outlook

GreenLeaf Industries Ltd. maintained zero regulatory non-compliance notices from the Ministry of Environment, Forest and Climate Change during FY2024.

We are committed to achieving net-zero Scope 1 and Scope 2 emissions by 2040.

Our governance framework is built on the principles of transparency, accountability, and stakeholder trust.
